The installation of BunkerCalc PC uses zip files and requires that WinZip is installed on your PC. If you do not have WinZip installed, a free evaluation version can be downloaded from the WinZip website - <http://www.winzip.com/>

Installation Instructions

Before commencing the installation please create a suitable folder on your C: drive for the installation files. (Folder "C:\BunkerCalc" is suggested).

After creating the folder please click on the link below to start the download procedure –

http://www.shell.com/static/marine-en/downloads/products_and_services/marine_fuels/bcapp.zip

- Using Explore go to the folder as created above (C:\BunkerCalc).
- Double click on the file BCAPP.ZIP
- This will open the WinZip application and display a list of files.
- Click the Extract button in the top menu bar.
- From the Extract dialogue box, select the folder as created above (C:\BunkerCalc) as the Extract To location, and then press the Extract Button.
- Close the WinZip application and return to the Explore screen.

The BunkerCalc PC program can now be run by double clicking on the BCALC.EXE file with the

icon . 

To add the BunkerCalc PC program icon as a shortcut on your desktop, right click on BCALC.EXE file, then click on Send To and then Desktop (create shortcut).
